

## *Unleash* **Harness the Power of Teamwork**

The way we work is fundamentally changing. Between technological advances and a global economy, it's becoming harder to keep up. Organizations are responding by adopting matrixed organizational structures that enable agility and cross-functional collaboration, but also create a new set of challenges. The ability for individuals within an organization to work together effectively and productively is now more critical than ever—it's time to rewrite the rules of teamwork.

### **The Five Behaviors® can be your clients' solution.**

**The Five Behaviors Personal Development** is based on best-selling author Patrick Lencioni's groundbreaking model for developing high-performing teams through five key behaviors: Trust, Conflict, Commitment, Accountability, and Results. This powerful solution teaches participants the critical behaviors and interpersonal skills needed to be effective team players on any team by combining this powerful team model with personalized insights. The result is a unique and impactful team development solution that empowers team members to shape their behaviors, increase productivity, and create a common language that completely redefines what it means to work together to drive results.
